- English
- Hindi
- Gujarati

SUMMARY

As a creative and detail-oriented UX designer, I bring a passion for user-centric design backed by strong UX research skills. With effective communication and front-end development knowledge (HTML, CSS, JavaScript), I bridge the gap between design and development, ensuring seamless collaboration. Eager to contribute to a reputed organization and enhance user experiences.

CASE STUDIES AND PROJECTS

Animated Navigation Bar

- designing a frame for a journal app, with an eye-catching animated navigation bar!
- Using Figma Design and Prototyping

Messaging App User Interface

- designed screens for a messaging app using figma design and Autolayout
